## WHO AM I?

My name is Reinaldo Barrera Travieso, I am 27 years old and I currently live in Havana, Cuba. In 2022 I finished my degree in computer science at the Faculty of Mathematics and Computing at the University of Havana. I am currently working at the Institute of Geophysics and Astronomy as a web developer. During the last years of my degree, I was inclined towards image processing in the numerical analysis group at the university, where most of the work was done in Python.

## EXPERIENCE

2021 – 2022

### Python developer

LAZO - MATCOM UH. [github.com/barrtrav/Anisotropic-Diffusion](https://github.com/barrtrav/Anisotropic-Diffusion)

Development of an application in python for the processing of medical images using an anisotropic diffusion filter

PHP / JS / MariaDB / Linux

2023 – ????  
part time

### Junior PHP Developer

IGA - Havana. [www.iga.cu](http://www.iga.cu)

Development of the local and institutional website of the Institute of Geophysics and Astronomy (IGA). The final work is currently on the local servers of the institute, therefore they are not yet visible to users.

PHP / Wordpress / JS / MariaDB / Linux

## EDUCATION

2016 – 2022

### Bachelor's Degree

Havana University

Day course in computer science of the Faculty of Mathematics and Computing of the University of Havana

## LANGUAGES

Spanish - native  
English - proficient  
Portuguese - proficient

## HOBBIES

I love everything related to the world of computing and technology. Outside of computing, I like everything related to bartenders and soccer.

## NON PROFIT

Carry out studies that allow my training. Carry out studies related to computing and mathematics.
